ARCTIC ICE TALL

EXTREME CONDITIONS SPORT BOOT

The winter can be unpredictable, but your footwear shouldn't be. That is why we developed the Arctic Sport II AG. With 8mm of CR Foam and fleece lining wrapped in our soft rubber outer layer your feet will stay warm and dry in the most extreme temperatures. And since the outsole features Vibram Arctic Grip compound, you can rest easy walking on the iciest of pathways.

- 8mm CR Flex-Foam
- Warm Fleece Lining
- Extended Rubber Exterior
- Comfort Insole
- Vibram Arctic Grip Outsole
- Women's Last
- Spandura

GRETA

COMMERCIAL-GRADE BOOT

The Greta is our best-selling commercial-grade boot for women. These boots provide comfort in all temperatures, with a stretch fit top-line binding these work boots stay snug to your calves; keeping warm air in and cold air out. No matter the weather conditions you're working in these boots will make sure you're dry and comfortable.

The classic Muck Boot 5mm neoprene with 4 way stretch nylon makes these boots flexible, 100% waterproof and lightweight. The extended rubber overlay adds even more protection for your feet and the added 2mm thermal foam underlay and EVA moulded mid-sole provides optimum comfort and warmth underfoot.

These boots have the perfect balance between protection and comfort; with the rugged and durable MS-1 mouled outside for protection and stability.

ARCTIC ADVENTURE

ALL PURPOSE WINTER BOOT

The Arctic Adventure is soft, supple and slimming. Rated to minus 30 degrees, they are warm enough for the coldest winter day. The boots use a true womens last to create an excellent fit that looks and feels great. Available in four, various colours and prints with a multi-purpose outsole that grips well but sheds debris to avoid walking dirt inside the home or office.

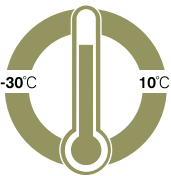

Extremely warm and stylish boot design in a neoprene/rubber material combination. This comfortable winter boot comes in a variety of bright colours and prints. The lightweight EVA midsole grips well. There are several carryover colours and some fresh new colours and prints.

ARCTIC ADVENTURE

ALL PURPOSE WINTER BOOT

The Arctic Adventure is soft, supple and slimming. Rated to minus 30 degrees, they are warm enough for the coldest winter day. The boots use a true womens last to create an excellent fit that looks and feels great. Available in four, various colours and prints with a multi-purpose outsole that grips well but sheds debris to avoid walking dirt inside the home or office.

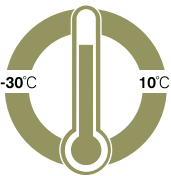

Extremely warm and stylish boot design in a neoprene/rubber material combination. This comfortable winter boot comes in a variety of bright colours and prints. The lightweight EVA midsole grips well. There are several carryover colours and some fresh new colours and prints.

- Comfortable Neoprene Upper
- Tall Slimming Look
- Warm Fleece Lining
- 4mm CR Flex-Foam
- EVA Midsole for Added Comfort

SCRUB

Our Scrub Boot is the Wellies you've been searching for.

A calf height, lightweight Wellington that will take you from muddy dog walks to getting stuck into the gardening.

The stretch-fit top-line binding stays snug around your calf to keep warmth in and cold out and the signature Muck Boot 5mm CR flex-foam bootie with four-way stretch nylon is 100% waterproof, lightweight and flexible, keeping you comfortable all day, every day.

Added toe protection with a wrap-around toe bumper and a self-cleaning out-sole with diamond tread ensures you don't tack mud around and wraps around the entire sole of the boot for maximum protection and stability

DAILY

The Daily is a shoe that has been developed for supreme comfort, making it perfect for simply pottering around the garden or mucking in and getting your hands green.

The self-cleaning ribbed out-sole prevents dirt from sticking to the shoe meaning you won't track mud around.

These lightweight and flexible garden shoes have a stretch fit top-line binding to keep out unwanted dirt and pebbles whilst remaining waterproof.

GRETA

COMMERCIAL-GRADE BOOT

The Greta is our best-selling commercial-grade boot for women. These boots provide comfort in all temperatures, with a stretch fit top-line binding these work boots stay snug to your calves; keeping warm air in and cold air out. No matter the weather conditions you're working in these boots will make sure you're dry and comfortable.

The classic Muck Boot 5mm neoprene with 4 way stretch nylon makes these boots flexible, 100% waterproof and lightweight. The extended rubber overlay adds even more protection for your feet and the added 2mm thermal foam underlay and EVA moulded mid-sole provides optimum comfort and warmth underfoot.

These boots have the perfect balance between protection and comfort; with the rugged and durable MS-1 mouled outside for protection and stability.

ARCTIC ICE TALL

EXTREME CONDITIONS SPORT BOOT

The winter can be unpredictable, but your footwear shouldn't be. That is why we developed the Arctic Sport II AG. With 8mm of CR Foam and fleece lining wrapped in our soft rubber outer layer your feet will stay warm and dry in the most extreme temperatures. And since the outsole features Vibram Arctic Grip compound, you can rest easy walking on the iciest of pathways.

- 8mm CR Flex-Foam
- Warm Fleece Lining
- Extended Rubber Exterior
- Comfort Insole
- Vibram Arctic Grip Outsole
- Women's Last

GRETA

COMMERCIAL-GRADE BOOT

The Greta is our best-selling commercial-grade boot for women. These boots provide comfort in all temperatures, with a stretch fit top-line binding these work boots stay snug to your calves; keeping warm air in and cold air out. No matter the weather conditions you're working in these boots will make sure you're dry and comfortable.

The classic Muck Boot 5mm neoprene with 4 way stretch nylon makes these boots flexible, 100% waterproof and lightweight. The extended rubber overlay adds even more protection for your feet and the added 2mm thermal foam underlay and EVA moulded mid-sole provides optimum comfort and warmth underfoot.

These boots have the perfect balance between protection and comfort; with the rugged and durable MS-1 mouled outside for protection and stability.
